

Did you know you have a nature preserve in your backyard?

Baker Sanctuary, part of the Balcones Canyonlands Preserve (BCP), is 690 acres of nesting habitat for the Golden-cheeked Warbler -- one of the only places *in the world* that this endangered songbird nests and breeds.

What does that mean for you?

- Creates higher property values and desirable living location.
- Limits urban sprawl and traffic, provides a buffer between development and neighborhood residences.
- Supports fresh air, reduced light and noise pollution,

JOIN TRAVIS AUDUBON

For an evening of fun, discovery and opportunity highlighting Baker Sanctuary & The BCP

Tuesday, March 23, 2010 at 6:30 pm

Deer Creek Elementary School Cafeteria

2420 Zeppelin Drive, Cedar Park
